NEW BALL LEAGUE

ALL STARS, COMPANY F, PIRATES, BROTHERHOOD MAKE UP ASS'N.

SUNDAY GAMES BARRED

Teams Will Play Every Tuesday and Thursday—Merchants Asked to Let Clerks Off.

A four-team city baseball league that will play two games a week with Sunday games barred is now virtually assured. The league is to be composed of the Company F, All Stars and Pirate teams and a team selected from the Protestant church brotherhoods. The Sunday School league will be abolished.

The organization of such a league was presented to the Commercial Club at its weekly luncheon yesterday by the Rev. Robert L. Finch, pastor of the First Christian church, representing the brotherhoods. The Commercial Club acted favorably upon the plan and appointed Mr. Finch, S. H. Kemp and W. R. Jackson, secretary of the Commercial Club, as a committee to see the managers of the other teams and find out what they would do about it. The manager of the All Stars, True Hollowell, could not be found yesterday by the committee, but the managers of the other teams, Charles Wiles of the Pirates and Lieut. Loren DeMotte, of Company F, have agreed to join such a league. It is thought that the All Stars will agree to join.

Games on Tuesdays and Thursdays
The rules of the league have been drawn up and are awaiting the signatures of the team managers to complete the organization.

The league is founded on the agreement that games will be played every Tuesday and Thursday afternoons throughout July and August and September, and that no games will be played on Sundays.

The Commercial Club will offer a championship pennant. The season will consist of twenty-six games, for which tickets will be sold at \$1.50. The season tickets will entitle the holder to all scheduled and postponed games. The purpose of selling them is to raise a fund of \$500 to be distributed equally among the four teams, one half to be paid in the middle of the season and the other half at the close. Any team which fails to play the season out will forfeit its share of this money. Single admissions to the games will be 25 cents for adults and 15 cents for children under 12 years of age. Five per cent of the gross receipts will go to the treasurer of the association, 15 per cent to the upkeep of the grounds and the remaining 80 per cent will be divided among the teams.

League Governed by Seven Officers.
The officers of the new league will be a president, vice president, secretary-treasurer, and the managers of each of the teams.

The president of the league has the power to appoint a staff of umpires, an official scorer, to receive and decide protests, and to give an arbitrary decision in all matters.

The league organization was started with a view to giving Maryville a better class of base ball and at a regular time during the week. An effort will be made to get the merchants to sign an agreement to dismiss all but a certain number of their clerks, probably three, at 4 o'clock on the afternoons of the games.

The team from the brotherhoods has not been selected yet, but will be picked from the different Sunday school teams. A committee composed of John McDougal, Emmett Scott, Walter Wray, Orlo Quinn, Roy Curfman and a representative from the South Methodist church, will attend to the organization of the brotherhood team.

EATS ENGLISH SPARROWS.

Prof. J. E. Cameron Says They Are a Great Delicacy—Shoots Them to Save the Wheat Fields.

Prof. John E. Cameron is solving the meat problem by eating English sparrows. He says they were recommended to him by the state department of agriculture.

Mr. Cameron discovered that the English sparrows were destroying the wheat in the Normal experiment fields, so yesterday afternoon he shouldered his trusty gun and hid forth to protect the grain. In seven shots he bagged eight-four of the birds. Mr. Cameron saved the breasts of the birds and enjoyed friedcassé sparrow for dinner yesterday evening. He reports that they make a very savory dish.

Miss Eva Vandersloot returned Tuesday morning from a visit of several days at Stanberry.

PROF. LANDON TO STATE ASS'N.

Head of Maryville Conservatory to Be in Prominent Conference at State Meeting.

Prof. P. O. Landon of the Maryville Conservatory of Music will leave Wednesday night for St. Louis to attend the meeting of the State Music Teachers' association. Mr. Landon is a member of the organ standard committee, which places the state examinations for organists.

At present the examination for state certificates is a matter of individual preference, and at this meeting of the association the matter of making it compulsory for a music teacher to have a certificate the same as collegiate teachers is to be taken up.

Prof. Landon was president of the association for two years and is now a member of several committees, one of the most important being the organ standard.

ATHLETICS 3, GRIZZLIES 1.

Normal Teams Do Not Score After First Inning—Giants Play Grizzlies Wednesday.

The second round of the Normal school base ball tournament was started yesterday afternoon when the Grizzlies and the Athletics clashed. The game was well played throughout, and the Athletics won 3 to 1.

The Grizzlies started the scoring in the first inning, when Bird stole home. The Athletics came back strong and made three scores during their time at bat. This ended the scoring for the game, both teams playing airtight ball from that time on.

The next game of the series will be played Wednesday evening when the Giants meet the Grizzlies. The batteries of yesterday's game were: Grizzlies, Dyer and Campbell; Athletics, Ham and Alley.

EXCELLENT MEETING OF W. C. T. U.

Permanent Society Organized Monday Afternoon—Nineteen Members.

An excellent and enthusiastic meeting was held Monday afternoon at the First Methodist church to effect the permanent organization of a W. C. T. U. The officers chosen at the temporary organization Saturday were made regular officers. Those chosen were Mrs. E. B. Sheldon, president; Miss Myra Kern, vice-president; Mrs. J. D. Frank, secretary and Mrs. R. L. Finch, treasurer. The society enrolled nineteen members at the meeting Monday. For the coming three months, the work of the organization will be devoted to efforts to secure the passage of the County Unit bill and after that other work will be taken up.

Mrs. Elizabeth G. Emmons, state organizer, made an excellent talk and gave many ideas that will be of benefit to the newly organized association. She left Monday night for Burlington Junction to meet with the people of that place for the purpose of forming a local union.

The next meeting of the Maryville society will be the second Friday in July.

MRS. THOMAS WRIGHT DEAD.

Wife of Well Known Nodaway County Pioneer Dies Tuesday Morning.

Mrs. Thomas Wright of Bedison died at 8 o'clock Tuesday morning, her death following an illness of a week. The cause of her death was paralysis.

The funeral services will be held at the Bedison church Wednesday afternoon at 2 o'clock, conducted by Rev. Lewis M. Hale of the First Baptist church of this city.

Mrs. Wright was a second cousin to Senator Robert LaFollette of Wisconsin. Her maiden name was Nancy E. LaFollette, and she was born in Indiana seventy-nine years ago last March. She was married to Mr. Wright sixty-two years ago, and shortly after her marriage they came to Nodaway county, arriving in the fall of 1855. The family settled on the farm near Bedison which is now their home.

Mrs. Wright leaves, beside her husband, nine children—Mrs. Reuben Young of Maryville, E. O. Wright, Mrs. Ray Stewart, Mrs. Frank Young and L. L. Wright of Bedison, George Wright of Rathdrum, Idaho; Alex Wright of Stann, Neb.; Mrs. Kate Parsons of Bedison and Mrs. Harry Coulter of Arkoe. Mr. Wright is 83 years old and has been confined to his bed for the past four months.

Skidmore Visitors Here.

Mr. and Mrs. Clyde Wright of Skidmore and their guests, Mrs. W. B. Beck of Akron, O., and Mrs. L. C. Allen of Cameron, motored to Maryville Tuesday and spent the day. Mrs. Beck and Mrs. Allen are sisters of Mrs. Wright.

Mrs. Will Whitney is spending this week in St. Joseph, the guest of her sister, Mrs. Earl Gruber.

IT WAS 94 TODAY

LAST SEVEN DAYS HAVE BEEN CLOSE TO 90.

ABOUT LIKE JUNE 1913

This Time Last Year Not Extremely Hot—More Rain, But Still Below Normal.

"Well, these are fine rains we've been having, aren't they? They keep the dust down and cool the air so. If it keeps this up Maryville will be as fine a summer resort as you can find. Why, last night I had to get out some blankets to put on the bed. And just to think, this time last year we were sizzling and boiling in heat that pushed the thermometer up to 104 and 105."—From an conversation you had with most anyone you met during the early part of last week.

"Phew! But it's getting warm. Wasn't yesterday a hot one, though? The clouds made it so oppressive. The last two or three days have been real summer."—From similar conversations of more recent date.

We have been ahead of 1913 on rain, though. Already more rain has fallen this month than during the whole of June last year. This month's record is 3.11 inches, while June of a year ago we had but 2.80 inches. But even now we are behind the normal rainfall for the month of June, which is 5.1 inches.

And now that you may be satisfied about the heat records, here are the figures from the official weather man, J. R. Brink:

Rock Port Visitors Here.

J. W. Raines and his daughter, Miss Edith Raines, of Rock Port arrived in Maryville Tuesday morning to visit at the home of Mr. Raines' son, Bert Raines, and family. Mrs. J. W. Raines and daughter will leave next Monday for Denver, Col., to spend the remainder of the summer with Miss Theodosia Raines.

One Marriage License Issued.

Recorder J. Arthur Wray issued a marriage license yesterday afternoon Ervin Hollis of Burlington Junction and Miss Daisy Dew of Clearmont.

Miss Pauline Parr of Hamilton arrived in Maryville Tuesday noon to visit her cousin, Miss Helen Todd. Miss Parr is a daughter of Truman D. Parr of Hamilton, a member of the board of regents of the Normal.

"BOX CAR" SCHOOLS

G. W. REAVIS SAYS BUT 7 PER CENT MEET REQUIREMENTS.

URGES BUILDING LAW

State Superintendent Evans Joins Professor Reavis in Campaign For Modern Rural School Houses.

Prof. G. W. Reavis of Burlington Junction, at present state inspector of rural schools, with headquarters at Jefferson City, has just completed a report of the country schools of the state. He finds that the rural schools of the state are on the whole poorly built and equipped, too many are of the primitive type of four walls, a roof and a floor, imperfectly heated, lighted and ventilated and equipped with the crudest furniture.

Mr. Reavis thinks a law should be enacted by the next session of the general assembly fixing a standard for the construction of the country school houses. As a result of his report, State Superintendent of Schools William P. Evans has mapped out a campaign for modern construction of country school houses.

In his report Mr. Reavis says: "Too long has the box car type structure been with us. It should long ago have given way to a substantially built school house, designed and equipped to meet the needs of the children. The education of a community is largely influenced by the architecture and environments of the school."

Mr. Reavis found that only 7 per cent of the rural school houses in Missouri are equipped with modern heating and ventilating systems, and but 383 of them meet fully the requirements of an approved rural school, as laid down by the state department of education.

These requirements are: Eight months term each year. Teacher with certificate higher than the third grade.

Salary of teacher not less than \$45 per month. Compliance with the library law of the state.

The state course of study must be followed.

There must be satisfactory instruction and discipline.

Modern heating of school room.

The teacher must regularly attend county and township school meetings.

There must be a minimum of 100 volumes in the school library.

The school must have fifty agricultural bulletins.

In his argument for better and modern school architecture and equipment, Superintendent Evans says that there are many communities in the state that are realizing that unwise economy and the accompanying dreariness in the school surroundings, are

losing to them the best stock in the world in the boys and girls who are forsaking the country for the city.

Superintendent Evans says: "That the trouble is parsimony and not poverty is shown by the fact that in a large part of the state the wealth per teacher in the public schools is greater in the country than in the city."

The model rural school house, as described by Inspector Reavis, is heated by a furnace or stove, with an arrangement for equitable distribution, a system of ventilation, proper lighting and seating equipment to conform to the sizes of the pupils. The floor should be kept clean and oiled to be free from dust and dirt.

FLY'S WORK IN NORMAL WHEAT.

Turkey Red Was Affected More Than Any Other Variety—Coarser Types Withstood Attacks Best.

The wheat on the Normal school soil field and on the variety test field was cut yesterday afternoon.

The Hessian fly had affected both fields, but was more serious on the variety test field. In this field the Turkey red, a wheat which is grown to a large extent in this section of the country, was the worst affected. The coarser types of wheat, especially the Poole 3B, withstood the attacks of the insect the best.

On the soil field the wheat is reported to be in very good shape, and it is thought that it will be better than it was last year.

WOMAN IS INSANE.

County Court Brings Louella Garten From St. Joseph Asylum to Try Her For Insanity.

Miss Louella Garten was brought to Maryville yesterday from the St. Joseph hospital for the insane, where she is an inmate, and tried before the county court as to her sanity and was adjudged insane.

This peculiar trial was nothing but a formality of law, but it was made necessary because Miss Garten was left some property. A guardian had to be appointed for her, and before this could be done she had to be proved again to be insane. J. F. Roelofson was appointed her guardian.

THE SQUAW MAN.

Popular Story With a Popular Stage Favorite at the Fern Tonight.

Dustin Farnum in The Squaw Man will be given at the Fern motion picture theater tonight. The reel is shown in six parts and there will be 264 scenes.

The story is one of the most appealing to the general public's notions of romance and thrills and has enjoyed a popularity that is greater than even the most of popular novels. The story blends English, American and Indian romance in a proportion which idealizes it, and this is portrayed in the main character by Dustin Farnum, whose name has been at the head of stage stars for years.

Two members of the Lasky company are in Maryville today in the interest of tonight's presentation.

17 WANT TO BE GOVERNOR.

Senator Anderson Craig's Name is in List of Reported Candidates For Major's Job.

There never was such a crop of prospective Democratic candidates for governor in this state as at the present time. They are becoming so thick as to be in each other's way and are elbowing each other for room twenty-five months before the nominating primary will be held. There are seventeen in all, according to the last political census. Half a dozen of these are making their campaigns right now. There are five state officers in the ring. Here is the latest revised list:

John T. Barker, Macon, attorney general; John M. Atkinson, chairman of the state public service commission; William R. Painter, Carrollton, present lieutenant governor; Secretary of State Cornelius Roach, Jasper county; State Treasurer E. P. Deal, Mississippi county; State Superintendent of Insurance Charles G. Revelle, Bollinger county; State Auditor John P. Gordon, Lafayette county; Col. Fred D. Gardner, St. Louis; Francis M. Wilson, Platte county, present United States district attorney for the western district of Missouri; former State Treasurer James Cowgill, Kansas City; Mayor Henry L. Jost, Kansas City; former Mayor Thomas T. Crittenden, Kansas City; former Mayor A. P. Clayton, St. Joseph; A. N. Lindsay, Clinton; Anderson Craig, Nodaway county; H. H. Hohenschild, St. Louis; P. P. Lewis, St. Louis county.

Return From an Extended Visit.

Mr. and Mrs. L. L. Holbrook returned Tuesday morning from Aledo, Ill., where they had been visiting since February.

MAIL DELIVERIES

RURAL POSTMEN CARRY 52,756 PIECES ONE MONTH.

PARCEL POST TRIPLES

Maryville Postoffice Shows Big Increase in Packages Handled—More Received Than Dispatched.

The rural carriers out of the Maryville postoffice deliver about fourteen times as much mail as they collect in the number of pieces. If weight is used as the standard they deliver more than thirty times as much as they collect.

There are seven routes that extend from the Maryville postoffice, and the carriers make monthly reports of the mail they handle, pieces delivered and collected, weight and postage. For the month ending June 15 the rural carriers delivered 5,559 pounds of mail. This was made up of 52,756 pieces. The weight of the mail collected was 298 pounds, while the number of pieces was 3,876.

The parcel post business has tripled here since it was started in January, 1913. During that first month 2,600 packages were handled. In April of this year the number of parcels was 7,254, and in May it was 5,061. In the last five weeks, up to June 13, 5,567 packages were received and 2,279 were dispatched.

Following are the reports of each of the rural carriers:

Route 1, Howard Watson, carrier—Total number of pieces delivered, 6,567; total weight, 796 pounds; postage, \$33.29. Total number of pieces collected, 417; weight, 18 pounds; postage, \$7.83.

Route 2, Don Davis, carrier—Total number of pieces delivered, 8,302; total weight, 988 pounds; postage, \$40.57. Total number of pieces collected, 445; weight, 30 pounds; postage, \$8.21.

Route 3, James Muntz, carrier—Total number of pieces delivered, 8,858; total weight, 1,037 pounds; postage, \$39.65. Total number of pieces collected, 516; weight, 30 pounds; postage, \$9.66.

Route 4, Albert Williams, carrier—Total number of pieces delivered, 8,341; total weight, 991 pounds; postage, \$37.68. Total number of pieces collected, 610; weight, 21 pounds; postage, \$10.79.

Route 5, Herman Barton, carrier—Total number of pieces delivered, 7,393; total weight, 958 pounds; postage, \$42.54. Total number of pieces collected, 713; weight, 30 pounds; postage, \$12.80.

Route 6, Lufe Stamper, carrier—Total number of pieces delivered, 6,384; weight, 816 pounds; postage, \$36.76. Total number of pieces collected, 533; weight, 37 pounds; postage, \$10.38.

Route 7, Alva Maul, carrier—Total number of pieces delivered, 6,911; weight, 973 pounds; postage, \$37.29. Total number of pieces collected, 642; weight, 42 pounds; postage, \$11.74.

YOUNGER CASES DISMISSED.

All of the Suits Against the Former Elmo Financier Now Settled.

All of the Joe Younger cases were settled and dismissed yesterday, ending some of the most complicated cases on the docket here. The suits were Rockwell Bros. vs. Younger et al.; Rockwell Bros. vs. O. A. Simmons et al., both being suits to set aside deeds; O. A. Simmons vs. Elmo Improvement and Business company, to cancel deed; O. A. Simmons vs. Joseph Jackson, Sr.

By the terms of the settlement O. A. Simmons gets the Younger property to Elmo and Westboro, valued at \$20,000, by paying the court costs and the original claim of Rockwell Bros. with interest.

The Younger cases have been up in circuit court for the past two or three years.

Younger is now located in Canada.

To Visit in Illinois.

Mrs. James L. Duffy and son, James Edward, of San Francisco, who have been visiting her parents, Mr. and Mrs. Ed Otis, left Monday for Moline, Ill., to visit Mr. Duffy's mother, Mrs. Laura Duffy.

Mr. and Mrs. C. Reavis, of Burlington Junction, came to Maryville Tuesday to visit their son, Frank Reavis and family.

FEDERATION WILL
FURNISH MINERS

Moyer Says Will Hold to Its
Contracts With Companies.

Butte, Mont., June 22.—With President Charles H. Moyer of the Western Federation of Miners insisting that his plan of conciliation, which will be announced today at a meeting of the old Butte miners' union, as the only avenue by which peace can be restored, preparations are going rapidly forward for the permanent organization of the Butte mine workers' union, launched by the secessionists from the Western Federation.

Moyer criticised Mayor Duncan (Socialist) for failing to appear at the mass meeting to advise against the formation of a new union before Moyer's conciliation plan could be submitted to the men. Fortified with the backing of the Western Federation and all international unions of the American Federation of Labor, together with \$70,000 in cash in the bank and \$50,000 more in property in this and other cities, the old miners' union will continue its business here, according to Moyer. He indicated that the federation would continue to hold its contracts with the mining companies and would furnish sufficient federation men to fill all places in the mines.

Action to this end, he said, would be taken if the men who have seceded fail to take advantage of the opportunity to return to the federation.

McDonald said that federation members in Michigan and Utah were on the point of seceding and had agreed to join the protest movement.

DEFENDS REGRET CLAUSE

Bryan Still Opposes Colombian Treaty Will Be Ratified.

Washington, June 22.—Criticism of the proposed treaty to settle the differences between the United States and Colombia over the separation of Panama brought a formal statement from Secretary Bryan, defending the clause expressing "sincere regret" on the part of the United States that anything should have occurred to mar the friendly relations between the two countries.

The expression, "sincere regret," Mr. Bryan said, was used in the memorandum drafted during the Taft administration, on which the present negotiations are well as those which had failed previously were based.

Despite opposition in the senate Mr. Bryan was hopeful that the treaty would be favorably reported and ratified. Members of the foreign relations committee expected that correspondence in the archives of the state department bearing upon the treaty would reach the committee Wednesday. It will be referred to a subcommittee and probably will be made public. It is said that this correspondence will show that at one stage of the negotiations with Colombia during the Taft administration the United States proposed to submit the dispute to arbitration with the knowledge that a verdict in favor of Colombia would mean a judgment for at least \$40,000,000.

Even the Babies Are Helped
by Anty Drudge

Mrs. Youngmother—"Oh, dear me, the doctor says baby must wear woolen shirts for at least another six months. They are terribly expensive and shrink so in the washing I will soon have to get her new ones."

Anty Drudge—"You can't be too careful of the little mites, and some wool next to their little bodies is the best thing for them. But you won't have to buy new ones all the time if you use Fels-Naptha Soap. They won't shrink, and they will be as soft and white as new."

and much rubbing, they will lose their downy softness and come from the tub hard. White flannels will get yellow, and everything of this kind will be a size or two smaller than when you bought it.

But how are you going to get woollens and flannels clean without hot water and hard rubbing?

Use Fels-Naptha Soap. Use it the Fels-Naptha way.

Wash them in lukewarm suds, *rinse thoroughly* in lukewarm water, wring loosely and hang out at once. As these garments must not be boiled, Fels-Naptha Soap is particularly effective in preventing roughness and shrinking.

Follow the directions on the Red and Green Wrapper.

Better buy Fels-Naptha by the carton or box.

Keep Up the Chinch Bug Fight.

(By Leonard Haseman.)

The chinch bugs are beginning to migrate fully ten days earlier than usual. In some places they are already moving into corn fields and remedies must be applied at once. Where the pest has not yet begun to migrate use the dust and chemical barriers to hold them in the wheat fields. The best dust barrier can be made by plowing one or more parallel ditches and dragging a log through these until every clod has been ground into fine dust. It is the dust, rather than the ditch which keeps back the bugs, so make sure that there is plenty of fine dust. After the ditch has been properly made it is necessary that the log be dragged back and forth in it every few minutes during the warm part of the day when the bugs are most active, so as to keep the dust stirred. A plowed strip properly worked so as to maintain a fine dust mulch will take the place of the ditches.

In case of rain a dust barrier cannot be maintained and a supply of cresote, crude carbolic acid, heavy road oil or coal tar should be on hand for making a chemical barrier. Keep the line fresh by adding more material to prevent them from breaking across. Where the chemical is thin like oil, apply it by bending the edge of a pail so as to form a narrow spout or by driving a nail through the side of the pail so as to permit only a fine stream to escape as the line is being formed. A narrow firm path should first be made with a hoe, shovel or drag along which the chemical is poured. The line need not be more than an inch wide if it is renewed often enough. Post holes placed so as to touch or cut into the line will act as traps into which the bugs will fall, where they are easily killed with coal oil.

Where the pest has already gotten into the corn, spray or use a torch to kill the bugs. The spray recommended is made as follows: Dissolve one-half pound of laundry soap in one gallon of water by boiling; then add two gallons of coal oil to the hot soap water and beat the two solutions up together. An old churn is excellent for the purpose. Dilute to twenty or twenty-five gallons before using. This spray kills when it touches the body of the bug and it may be applied to the migrating swarms on the ground, as well as on the corn. Paris green and other arsenical poisons are of no value, since this bug takes its food in the form of sap through a piercing beak. Cobs saturated in coal oil and lighted are sometimes used to flash up and down infested plants for killing the bugs. Waste no time attempting to scatter diseased bugs, for the seeds or spores of the disease are present in all soils and if the weather is proper the disease will develop and destroy the bugs without man's aid.

Farmers may help in controlling the chinch bug by reporting all outbreaks, as well as the results obtained by using the above remedies to the Missouri Agricultural college, department of entomology, Columbia, Mo.

Mr. and Mrs. G. L. Willey and daughters, Marjorie and Geneva, will leave Wednesday in their car for Lake Okoboji, Iowa, where they will spend a time at that popular resort.

Skidmore Woman Very Ill.

Mr. and Mrs. Art Shull and Dean and Joseph Shull, of Skidmore, left Tuesday afternoon for St. Joseph, summoned by the serious illness of their mother, Mrs. T. P. Shull, who is at the Ensworth hospital. Mrs. Shull underwent an operation about ten days ago and for a time was improving. Her condition became alarming Monday and her two daughters, Mrs. Alma Parson and Miss Ruby Shull, were called to St. Joseph then.

Selected as Clerk.

Walter Todd was selected as clerk of the W. O. W. lodge at a meeting held Monday night to succeed J. A. Dempsey, who has resigned to accept a position as district manager of the W. O. W. for nine counties with headquarters either in St. Joseph or Kansas City.

Mr. and Mrs. James Hurst and Mr. and Mrs. James Miller, of Tarkio, motored to Maryville Sunday and spent the day with friends.

Here Is Good News
for Stomach Victims

Some very remarkable results are being obtained by treating stomach, liver and intestinal troubles with pure vegetable oils, which exert a cleansing, soothing and purifying action upon the lower bowels, removing the obstructions of poisonous fecal matter and gases and preventing their absorption by the blood. This done, the food is allowed free passage from the stomach, fermentation ceases and stomach troubles quickly disappear.

George H. Mayr, for twenty years a leading Chicago druggist, cured himself and many of his friends of stomach, liver and intestinal troubles of years' standing by this treatment, and so successful was the remedy he devised that it has since been placed in the hands of druggists all over the country, who have sold thousands of bottles.

Though absolutely harmless, the effect of the medicine is sufficient to convince any one of its remarkable effectiveness, and within 24 hours the sufferer feels like a new person. Mayr's Wonderful Stomach Remedy is now sold here by

Pearson's Pharmacy and druggists everywhere.

We Live and Learn.

Every one of us has been taught that English women have an under-developed sense of humor, but one bright little club woman over there has set all the U. S. women a-giggle for all that.

We can always live and learn—no wonder the English girls are so fond of dancing. Mrs. John Leckie, a prominent club woman of London, says this about the English buds. Let us quote exactly verbatim, lest we err:

"Young women in the United States have greater social freedom. In England they go nowhere without a chaperon. They are chaperoned to dances, for instance; but at English dances there are rest periods during which young men and young women go out alone and they have to ring a bell when the music starts to get them back."

Thus is a fond tradition shattered. Well-read American mothers can never tell daughter again of how excellently her English sister is chaperoned, and maybe dancing would be more popular in Maryville if we managed it like the English.

The little English lady delivered this bon mot at the national federation meet last week, and when all the club women giggled, the dear unhumorous soul asked why they did so.

I X L Club.

The I X L Embroidery club will meet this week at 2 o'clock Wednesday afternoon with Mrs. Stella Epperson, 628 West First street.

W. F. M. Society to Meet.

The Woman's Foreign Missionary society of the Buchanan street Methodist church will meet at 2:30 o'clock Wednesday afternoon with Mrs. E. J. Thornton.

Eastern Star to Meet.

The Order of the Eastern Star will meet Tuesday evening at 8 o'clock at Masonic hall. Matters of important consideration will come before the chapter, and all members are urged to attend.

Dinner For Miss Bohart.

Mrs. Harry C. Todd will entertain with a dinner Tuesday evening in compliment to Miss Mabel Bohart of Omaha, who is visiting at the home of Mrs. Rebecca Brink. The guests will be Miss Bohart, Miss Myrtle Jones and Miss Ora King.

Dinner For Visiting Folk.

Mr. George Davis and daughters, Misses Ruth and Lucy Davis, gave a dinner Monday in honor of Mr. Davis' nephew, George Spurlock of York, Neb., who, with his family, is spending a few days in the city. The guests included Mr. and Mrs. Spurlock and sons, Woodson and Burwell.

Wedding Guest Returns.

Miss Rose Schumacher returned Monday from Kansas City where she went to attend the wedding of Miss Philomena Romasser and George Tunstall, which took place Wednesday, June 17. Miss Schumacher had been the guest of Miss Dora Romasser, Miss Mary Campbell and other friends during her stay.

Wedding Guests Arrive.

Miss Enid Patterson, of Augusta, Mo.

and Miss Lennis Blake, of Grant City, will arrive in Maryville Tuesday evening to attend the nuptials Thursday afternoon of Miss Eunice Maud Bent and Mr. Claud Baird. Miss Patterson was a college mate of the bride to be at the University of Missouri, Columbia, last year.

Dinner by Miss Montgomery.

Miss Ruth Montgomery was hostess at a charmingly arranged dinner given Monday evening in celebration of the birthday anniversaries of Miss Harriet Sheets of Aurora, Ill., who is her house guest, and of Miss Carrie Margaret Baker. Plates were laid for Miss Sheets, Miss Baker, Harry Wilson of Burlington Junction, Flemming Carpenter, Fred Bellows and the hostess.

Sunday School Class Has Outing.

The class of girls in the First Christian Sunday school taught by W. A. Miller enjoyed a day's outing and fishing party at Bridgewater. The girls, chaperoned by Mrs. S. B. Davenport, Miss Davenport and Mr. Miller, went to Arkoe on the early morning Burlington and will return on the evening train.

Old Friends Enjoy Visit.

Mrs. Elizabeth G. Emmons of Mexico, Mo., who spent Monday in Maryville superintending the organization of a W. C. T. U., was the house guest during her stay of Mrs. R. L. McDougal. Mrs. Emmons and her hostess are former collegemates and the occasion was a very pleasant visit for them. Mrs. Emmons is state organizer of the W. C. T. U. and left Monday night for Burlington Junction to organize an order there.

Dance For Visiting Girls.

An informal hop was given Monday night at the Elks club to compliment a number of visiting girls. Among the out of town folks attending were Miss Gladys Keyser, of Brookfield, who is the guest of Miss Bessie Scott, Miss Harriett Sheets, of Aurora, Ill., who is visiting Miss Ruth Montgomery, Miss Grace Wiseman, of Jerseyville, Ill., a guest at the home of her uncle, Prof. P. O. Landon, Miss Helen P. Dunn, of Bolckow, who is being entertained at the Dale Bellows home, Harry Wilson, of Burlington Junction, and "Kirk" Kirkpatrick, of St. Joseph.

Surprise For Mr. and Mrs. Kennel.

Mr. and Mrs. Alfred Kennel, living south of Maryville, were given a very enjoyable surprise Sunday by a number of their friends, who arranged the event as a farewell for the Kennels, who leave soon for Minnesota to reside. When Mr. and Mrs. Kennel returned from church Sunday noon they found about thirty friends at their home, who had brought laden baskets. After a delicious dinner the afternoon was spent with music and visiting. Those present were Mr. and Mrs. Mike Sturm and family, Mr. and Mrs. Lynn Busby and family, Mr. and Mrs. Arthur Howard and family, Mr. and Mrs. Peter Myers and family, Miss Lucy Sturm, Miss Ella Carey, Miss Esther Busby, Miss Chloe Busby, Miss Jennie Sturm, Miss Nora Ellerman, Miss Freda Sturm, Mr. Carey, Earl Sturm, Alfred Sturm, Charley Pesenter, Rufus Carey, Leo Sturm, John Busby and Nick Myer.

Complimenting Miss Keyser.

Miss Bessie Scott and Miss Edith Wilson received their friends Monday afternoon between the hours of 2:30 and 4 o'clock to meet their guest, Miss Gladys Keyser of Brookfield. The rooms of the Scott home were brightened with bouquets of tiger lilies and the luncheon tables were centered with clusters of pink and white carnations. Little Miss Margaret Dietz attended the door and the hostesses were assisted during the receiving hours by Mrs. D. N. Scott, Mrs. D. C. Wilson, Miss Ola Smith, Miss Amy Clark, Mrs. Walton Holt, Miss Hazel Smith and Miss Mattie Clayton. The guests were delightfully entertained with musical numbers by Miss Reyser, Miss Ola Smith, Miss Scott and Miss Wilson. Miss Keyser is a very charming girl and is a singer of considerable note. She has been the past year with the Boston Ideal Opera company as prima donna in the production of "Diavolo." Her singing Monday afternoon was a charming feature of the occasion. About thirty guests were entertained.

Hollis-Dew.

Miss Daisy Dew of Clearmont and to Ervin A. Hollis of Burlington Junction were married Tuesday afternoon at Burlington Junction. The newly weds left on the afternoon train for St. Joseph to spend their honeymoon, after which they will be at home at Burlington Junction.

WANTS LOWER HARVEST RATES.

Secretary Wilson is Interested in Getting Men to Help the Farmers.

Secretary Wilson of the department of labor has asked the interstate commerce commission whether it would approve of agreements with railroad companies for the establishment of excursion rates to Oklahoma, Kansas, Missouri and South Dakota, where thousands of men are needed to help harvest large grain crops.

Labor commissioners of the four states have informed the department that about 400,000 men are required. Bulletins outlining that information placed in postoffices throughout the country have met with general response.

Secretary Wilson said he had been told some workmen had been charged \$1 and \$2 each for information that had been gathered by the department of labor for free dissemination to men in need of employment.

"In some places, and I have Gary, Ind., in mind, said the secretary, 'these men, many of whom are unacquainted with our language, not only are charged for the information, but the persons doing so agree to purchase railroad tickets. I am informed that overcharges for transportation are made and in their ignorance of our language the poor people really think they are being befriended.'

Mrs. Rebecca Gray left Monday for Omaha to visit her sister, Mrs. H. B. Sweenen.

To Visit Sister.

Miss Anna Byrnes, who has been employed as trimmer in a millinery house at Tyler, Texas, arrived in Maryville Tuesday to visit her sister, Mrs. Aaron Felix, and family.

"Tuxedo is a good, wholesome tobacco, with a mildness and fragrance all its own. It adds many degrees to my pipe pleasure."

Tobacco That is Good For Your Nerves

TUXEDO actually soothes the nerves. It is just mild enough to keep your nervous system in poise, your muscles in tone. Unlike other tobaccos, Tuxedo burns cool and slow. There cannot be a speck of irritation in a pound of Tuxedo.

Great singers smoke Tuxedo just before a performance. Public speakers testify as to its soothing influence. Doctors recommend it to smokers whose throats are delicate.

L. S. BROWN

"Tuxedo has gained and maintained a high reputation for superiority. Its coolness, mildness, and genuine soothing qualities are unrivalled."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

The secret of its superiority is the unique "Tuxedo Process" by which all the unpleasant features are eliminated from tobacco.

Another reason is that Tuxedo is made from the best tobacco grown—the choicest, mildest, mellowest leaves of the highest grade Burley tobacco.

Tuxedo is widely imitated—but no other manufacturer has succeeded in making a tobacco as good as Tuxedo.

Go to your dealer today and get a tin of Tuxedo. It will give you the greatest pleasure and satisfaction that money will buy.

Obituary.

William Hendry was born in Adams county, Illinois, January 14, 1845, and died at his home about two miles northwest of Gaynor City, Mo., June 17, 1914. He was married to Christina Stenbeck in Urba, Ill., March 22, 1866. To this union seven children were born as follows: Louisa Catherine, Mary Clarinda, Fenella Vandeve, William W., Eva May, Lou Emma and Dema L. The following are dead: Louisa Catherine, Mary Clarinda, William W. and Lou Emma. They came to Charlton county, Missouri, in 1866, and to Nodaway county in 1886.

He confessed his faith in Christ about twenty-five years ago in Hopkins, Mo., and has since been a faithful and loyal worker for the Master. He had served the churches at Hopkins, Highland and Gaynor City, Mo., as elder, and had been superintendent of the Bible schools at the same place. He was loved and esteemed by those who knew him. The home has lost a kind, loving husband and father, the church a noble and valiant leader, and the community a most useful citizen.

Harry Anderson Here.
